- Gage Broberg
- Jacob Poland
- Alex Nelson

## Meeting Agenda Items

- Facebook implementation
- Final status updates on the website

## Status Update Since Last Meeting

Accomplishments:

- Facebook results on webpage

Tasks:

Task Description	Assigned to	Completed? (yes/no)
Facebook implementation	Jacob/Alex	yes
Website formatting	Gage	yes
Search filtering	John	no

## Before The Next Meeting

No further meetings scheduled.

## Minutes from Previous Meeting

Facebook is nearing full implementation, it just needs a bit more work for full integration. The search filtering is behind, needs more work for implementation with the backend. A GUI was created for it but it is lacking functionality. Issues with Heroku are being encountered where it does not reliably display results on the remotely hosted application. When run locally the application works as expected, so we are looking for a fix for remote issues if there are any.
